To whom it may concern:

Our association with Security Service Consultants goes back many years. During that time I can comfortably state that Howard Griffiths and his team's approach has always been professional and due to the nature of their business, they maintain a high level of confidentiality.

Howard has undertaken numerous services for us such as:

1. Investigative / intelligence work as undercover agents.
2. Counter industrial espionage (sweeping and debugging).
3. Corporate security advisors.
4. Placement of security manager / supervisor.

The service is performed efficiently and the response is timeous.

Howard keeps me informed of new developments in his field of security.

Yours faithfully,

Jack Edery
